Introduction

Kentucky XC Racing, “KXCR”, is a Limited Liability Corporation assembled for the enjoyment of the racers, dirt bike riders and event attendees. The purpose of KXCR, LLC is to promote, facilitate, and guide off-road racing in Kentucky through professional, well-organized, and ethical racing events.

The following outlines the Official Rules that will govern the Kentucky XC Racing Series. These rules are only applicable to KXCR, LLC events and races. Any and all inquiries, questions, comments, or concerns, please send an email to info@K-XCR.com

Definitions

“Amateur” events: Race classes with no cash payout

Event: Any single race with a start and finish to include pro, amateur, youth and fun races

E-Mail subscription: The KXCR announcement email list is comprised of sign-ups on our website mailing list, current members, past racers or through direct requests to info@k-xcr.com

Rider: Anyone who registers for the event with the intent to race.

Rules Committee: The rule committee may comprise of 1-4 members appointed by the race director, to include the race director. The members of the committee will be well versed and knowledgeable on the rules and facts of this series

Season: The timeframe between the date of the first race and the last race

Chapter 1: Registration, KXCR Membership

General

You will receive everything you need in order to be scored at registration. Please pre-register on our website for a shorter wait time on race day and to help start all races on time. Items that you will receive once registered include your back helmet sticker, side number stickers, transponder.

Riders under 18 must have minor/approved release forms signed to race. All racers and spectators must sign the event waiver upon entering the property.

Only Transponders, “E550000xxxxx” Event Scoring System transponders are permitted.

Online Registration

Online registration will be available for each event and will be announced available prior to each event via social media and our email list. Check our website for updates. Registering online will be the easiest way and guarantee a smooth race day.

Online pre-registration will be on our website WWW.KXCRACING.COM/

Race Day Registration

There are three easy steps to getting registered to race with KXCR. You must be registered more than **30 minutes** prior to your race start time.

Step 1: Complete the race entry form and RACER waiver

Step 2: Once completed, take forms to the registration desk. There, they can answer questions and get you entered into your class. You will receive everything you need to race at the registration desk.

Step 3: Take the stickers received from registration and place them on your helmet. The solid number sticker goes on the back in plain sight and unobstructed. The RFID transponder goes under the visor. The two race number stickers go on each side of the cheek area of your helmet. If you have any questions regarding placement, our Registration staff can assist you.

Step 4: You are registered! Now get ready to get to the starting line!

KXCR Membership

The KXCR Membership is an opportunity to support KXCR in bringing premier woods racing to Kentucky with some great perks. The KXCR Series Membership is optional, but highly encouraged. Please visit our website for additional information and to sign up as a member <https://kxcracing.com/membership-options/>

Our Training Facility is a 1700+ acre bike-only training facility located in Clay City, KY. Visit the link above to learn more about our facility and everything it has to offer.

1570 Little Hardwicks Creek Rd
Clay City, KY

Chapter 2: Race Course, Events and Racer Information

No racer may pre-ride the race course in any form on any gas motorized unit. The course will be open for inspection on Friday and up to 30 minutes before the event start time.

For the year the weekend schedule will be the same all year.

Saturday - Sprint Series

points paying championship series

On Saturdays, we will feature a sprint series with a race format that will be (2) 30-minute motos that are separated by 2-4 hours. Every racer will have the chance to win a series championship. The racer with the lowest combined finish score will be the winner. The course will consist of all off-road terrain and will be 2-4 miles in length. The peewee's will do one 20 minute moto. There is also a intermediate race in the evening.

Sunday - Endurance Series

points paying championship series

On Sunday we will feature our endurance series where everyone will have a chance to win a series championship. The youth and beginner courses will be 2-5 miles with a race time of one hour (one hour) and the adults will race for one hour and fifty five minutes (1 hour 45 minutes) on a 7+ mile course. **Saturday will also feature an intermediate race (New for 2023)**

During a racing event the only individuals permitted on the course are registered racers, race officials, and track sweepers.

Pit Bike

points paying championship series

The pit bike race is intended for adults on kids bikes. All points paying rounds will feature a pit bike race at 6pm on Saturday. The format will vary at each location so be ready for anything. The start could be dead engine, le mans, live engine, reverse start, or any other way as decided by KXCR Officials. The tracks will vary, the racing length, both time & distance will vary and the race format will be announced on the starting line - such as single moto, two moto with LCQ,

Triple Crown, or other. As a racer, come prepared for anything. As a spectator, have your cameras ready and tag @kxcracing on social media!

7-Hour Team Race

The team race will consist of a 10+ mile track where teams of single racers up to a 5 person team will compete to see who can complete the most laps the quickest in 7 hours! The racers and teams will be required to set up in designated areas for the staging and pit areas. All riders' change offs will happen in the pit area. The pit area is a strictly 1st gear idle only zone and strictly enforced under 10mph. Any racer breaking this rule could result in a one minute penalty minimum up to race disqualification for repeat offending teams.

Course Marking - Arrows

Courses will be marked with a specific color arrow for each race. The arrow color will be posted at each event for all racers to see. The arrow color for each race will be announced at the start of the race. If you are unsure of which color arrows to follow please visit registration for clarification.

No one except for KXCR officials can make changes to the course. Any changes to the course are strictly prohibited. Only KXCR officials can make course alterations.

KXCR courses will vary from location to location in terrain and length. The general length for each event is below. Generally, all courses may include handmade trails, roads, logging roads, singletrack, motocross tracks, enduro sections (optional), and any terrain which can be reasonably traversed by a dirt bike.

Event Start Times, Weekend Schedule, Class List

Race Lengths and time - all times EST unless otherwise announced. The length of each race course will vary from location to location. Micro courses will be less than a mile, youth 2-4, sprint 2-4 and adult 5-10+.

SATURDAY

Format - Two (2) Live Engine Start
30 Minute Motos

The lowest combined finish positions will determine the winner with ties going to the racer with the best 2nd moto finish.

Chapter 3: General

1. Inclement weather: The weather conditions will be routinely checked to offer needed changes and announcements to racers and spectators. The main form of announcements will be made on our website, subscription email blast, and on social media platforms. In the event of inclement weather it may be necessary to alter the schedule or event in some fashion. All changes will be made known to all racers and spectators in as timely manner as possible. In the event of a delay, all means necessary will be used to resume the event schedule.

2. Primary communication to riders will be through our website. Secondly we will make post updates to social media platforms and through the subscribed email list.
3. All riders, spectators and race personnel must assess the course for themselves of existing conditions and any/all matters related to safety.
4. All racers are responsible for that of their fans, pit crew, family, etc. Any trouble caused by the racer's responsible party puts the racer at risk for race penalties.
5. **KXCR, LLC DOES NOT OFFER OR PROVIDE MEDICAL INSURANCE. RIDERS ARE STRONGLY ADVISED TO OBTAIN THEIR OWN MEDICAL INSURANCE.** It is the sole responsibility of the racer to insure their own medical coverage and liability.
6. Gate Fee and Race Fee: The gate fees will be advertised prior to the race but generally, \$20 for the weekend with 5 and under free. A fee for overnight camping may be charged.
7. A racer is only permitted to race one machine during any single day event. Any racer who changes machines during a race will be disqualified.
8. Any rider may only race one class and one event per weekend event unless otherwise posted. If a racer is eligible for more than one sprint race on Saturday they may race multiple classes.
9. **The beginner classes are for first year racers only.**
10. No Riders may pre-ride any section of the course on a gasoline motorized vehicle.
11. Anyone who has ridden any section of the course may be disqualified and prevented from competing in the race.
12. Spectators are not allowed on any area of the race track.
13. Only riders racing in the current race are permitted on the track. Course preview is Saturday only! Any riders found on the track outside of the racing events may be disqualified
14. When double arrows are posted pointing toward each other that signals the limits of the course. Racers are not permitted to go on the opposite side of the double pointed arrows. Stay within the limits of the course to avoid possible disqualification.
15. The course is marked with contrasting colored arrows pointing the direction of the course ahead, high visibility marking tape, barriers both man made and natural, and by other means necessary to mark the course for racers. Any rider who damages, tears down, removes marking material is subject to penalties up to disqualification. Riders must maintain control of their machines at all times and exercise extreme caution to stay within the confines of the course and its markings. Any destruction of the course can severely affect the racing for that race and other riders. If a rider tears down any marking tape, that rider must repair the tape before proceeding on with the race. If a rider does not the rider may be penalized or disqualified at the discretion of the race director.
16. Slower riders will allow faster riders the opportunity to pass at the first best safe location. Ride in control, do not rush, and make good line choices. The faster rider will be ready and quick to make the pass at the safest spot for BOTH riders.
17. Any unsportsmanlike conduct to include fighting, threats, yelling, aggression or violence will not be tolerated. Anyone who commits such acts, at the discretion of the Race Director, could be asked to leave, disqualified from the series, and points removed. Display the Golden Rule at all times at all KXCR events. Be Kind.

18. In the event of a bottleneck the rider may leave and re-enter the course in the quickest and shortest route possible. The rider is to re-enter the course without damaging the course markings or tape. On the next lap if there is no bottleneck the rider must stay within the confines of the race track.
19. All riders must remain on the marked track at all times. Cheating by cutting corners and/or taking lines outside of the marked track will not be tolerated. Any track cutting is grounds for penalties up to race disqualification. The course is defined as extending a maximum of 30' to the left and right of course marking arrows. Except for TAPE marked areas and Double Arrow postings.
20. PIT RIDING IS NOT ALLOWED AT ANY EVENT. HELMETS AND PROTECTIVE GEAR MUST BE WORN AT ALL TIMES WHEN OPERATING ANY MACHINE. Pit riding is defined as any type of riding other than rider transport to and from the start and finish. Anyone caught riding outside of and to and from the start/finish can be penalized up to disqualification from the race and points taken from the series. All riding is to be done on the race course during your race. Any transportation by riders on machines must be in 1st gear under 5mph with helmet and protective gear worn.
21. All race times are based on the projected finish time of the leader. Example: Minimum 120 minutes of racing for the leader, longer for everyone who follows.
22. Team racing tactics during the race will not be tolerated. Any efforts made during the race by riders to make a team and block or impede a rider may lead to penalties up to race disqualification.
23. Racers are permitted to race in any races and classes in which they are eligible. Only one class per race, we offer over 15 races on race weekends.

Chapter 4: Racer Eligibility and Classifications

Race Class Options

All events will have the same class options listed below. The class list will be displayed at registration at all events and on our website. There are options for youth and adult bike. The first row options are the Pro level expert riders who are the fastest and less advanced riders descending in each row.

Sprint Race Series			
Race Y - 8am and 12pm Two 30 Minute Motos Race Fee: \$40			
Row #	Class Name	Age	Bike Restrictions
1	85	11-15	85-112cc 2 stroke, 75-150cc 4 stroke, max wheel size Front 19" Rear 16"

Engine Size Restrictions

“Open” classes allow any engine size over 85cc 2 stroke and 150cc 4 stroke unless prior authorization by race officials.

“Lite” classes are for 2 stroke engine size (80cc-200cc) 4 stroke engine size (125cc-250cc)

Age Restrictions

Age is determined by the racers age as of January 1st of the race year.

Vet (30 and over, no age limit)
Senior (40 and over, no age limit)
Masters (50 and over, no age limit)
Golden Masters (60 and over, no age limit)

Age limits are dictated on the above table in parentheses. Age is as of the first day of the year of the series race year.

Class Protest, Promotion/Demotion and Advancement

Protest Procedure

Any and all racer class protests will be handled by a KXCR Race Official for an official ruling. Please locate a race official, email or write KXCR with any protests. KXCR decisions on race class and other official protests will be binding for the entire season

Forced Promotion

All racers are encouraged to evaluate their skill level and compete in the class appropriate for their ability. "Sandbagging" will not be tolerated and KXCR reserves the right to promote any racer based on the below criteria.

Riders competing in less than **4 events** will not be required to advance.

Youth Classes

Reserved for youth aged 15 and under. Age is determined by the age of the racer on Jan 1st of the race season

Promotion from "Beginner/D Class" to "C Class"

Any racer winning an award in this class by a margin more than 10 minutes will automatically be moved to the "C Class" for the next event.

Any racer over the age of 17 winning 2 first place awards will automatically be moved to the "C

Class” for the next event.

The top 3 class winners in Beginner Class/D Class for the season will be promoted to C Class for the next season.

KXCR Officials may advance a rider at their sole discretion if the rider is found to be competing in a level inconsistent with their skill level.

Promotion from “C Class” to “B Class”

The top 2 class winners in C Class for the season will be promoted to B Class for the next season.

KXCR Officials may advance a rider at their sole discretion if the rider is found to be competing in a level inconsistent with their skill level.

Promotion From “B Class” to “A Class”

The first place class winners in B Class for the season will be promoted to A Class for the next season.

KXCR Officials may advance a rider at their sole discretion if the rider is found to be competing in a level inconsistent with their skill level.

Promotion from “A Class” to “Pro Class”

The first place class winners in A Class for the season will be promoted to the Pro Class for the next season. If a rider does not wish to advance a letter of reasoning must be sent to KXCR for review prior to the next event.

Promotion from “Womens” to “Expert Womens”

The first place in Women's Class for the season will be promoted to the Expert Womens class for the next season. If a rider does not wish to advance a letter of reasoning must be sent to KXCR for review prior to the next event.

Demotion

In the event a racer enters into the wrong class and is unable to compete at that level. A one time class adjustment will be permitted. If the rider is advanced by the rules above a demotion is not authorized unless written supporting reasons are submitted to KXCR for review and final determination.

Once a racer advances from the Beginner/Open D/Novice class to C class this movement is permanent.

For additional information and rules, go to <https://kxcracing.com/rules>

Chapter 5: Equipment and Apparel Requirements & Restrictions

Off-road racing is inherently dangerous and proper safety precautions must be taken. It is in the best interest and safety of all, that these rules exist. In order for all race events to run smoothly and safely all requirements and restrictions must be followed by all racers and spectators at the event. DOT or ECE approved helmet. All throttles must be freely returning to the idle position.

Race machines must have silencers. Race officials can check and penalize if necessary any racer. Racers' machines cannot exceed a sound level of 99 decibels. All machines must have a working kill switch. Racers must have a long sleeve shirt or jersey, full face helmet, long pants, eye protection, above the ankle race boots. Any rider competing without the minimum equipment may not compete and may be disqualified. Safety is our number one concern and racers must exercise extreme caution on the course and with their gear choices.

It is the racers sole responsibility to ensure the riding and safety gear is properly fitted and adequately safe.

Chapter 6: Riders Meeting & Start

A riders meeting will be held at the starting area 5-10 minutes before the race starts. The race director or his appointed will cover any race track information to include course lengths, cautions on the track, and general information about the race and our sponsors. The riders meeting is mandatory and penalties may be imposed if a racer fails to attend the riders meeting. Important information about the track must be communicated to the riders for safety.

Be at the start early and ready. You may position your bike on the start anytime prior to 30 mins to your race start time.

All races with the exception of the intermediate youth and sprint racing will be dead engine starts. Once the first row leaves the line all rows **MUST KILL THEIR ENGINES** so the next row can prepare to start.

The start will be marked with KXCR Flags, Row Numbers, and sponsor banners. The class starting order is the number of your class as matched to your helmet number. All riders are to align at right angles to the row signs. Some starts may feature paint on the ground as a starting line. Riders are to line up in the correct row, failure to do so could result in a penalty upto a loss of 1 lap.

The starter will be located in plain sight with large flags of red, yellow, and green. The green flag will be used to start the event. The red and yellow flags waived together indicate **KILL ENGINES** the race is about to start or the next row is about to start. All Engines must be killed prior to the start of each row (except for the Sprint Series). **Classes will start 15-60 seconds apart.** The flagger will put the green flag on the ground, after 2-10 seconds the flagger will raise the flag signaling the start of the race for the front row and racers will take off. Rows to the rear can also start their engines but they must not leave the line or throw roost.

Event Start Times

Race Lengths and time - all times EST unless otherwise announced. The length of each race course will vary from location to location. In general the following guidelines will be used.

Race Y - Saturdays (8am & 12pm)	Two 30 Minute Motos
Race C - Saturday (9am & 1pm)	Two 30 Minute Motos
Race B - Saturday (10am & 2pm)	Two 30 Minute Motos
Race A - Saturday (11am & 3pm)	Two 30 Minute Motos
Strider - Balance Bike Saturday (3:45pm)	10 minutes
Stacyc - Electric Bike Saturday (4pm)	15 minutes
Pee Wee - Saturday (4:30pm)	15 minutes
Micro - Saturday (5pm)	30 minutes
Pit Bike - Saturday (6pm)	Varies by location
Youth - Sunday (8:00am)	50 minutes plus a lap (2-5+ miles)
Beginner - Sunday (10:00am)	70 minutes plus a lap (5-9+ miles)
Adult - Sunday (12:00pm)	100 minutes plus a lap (7-15+ miles)

Chapter 7: Scoring

Kentucky XC Racing uses the same software system as GNCC. We however use a more economical in cost RFID sticker transponder you apply under the visor of your helmet. Event Scoring System Transponders with Kentucky XC Racing and "E5500000XXXX" . There is no cost for the transponders and they are good all year for one helmet or they are included with a KXCR Membership.

Riders must slow from the area marked with **orange PVC paint**, this is a no passing zone. Riders are required to come to a complete stop. It is the rider's responsibility to be scored and make sure his transponder is read or the number manually scored. Riders should state their number when coming through scoring as well as looking straight forward so the cheek number can be read. Only report emergencies to the scoring staff in a timely manner. Riders must clear the tent as safely but quickly as possible so as not to cause bottlenecks. Once you are scored you will hear a loud audible ring. If you hear the beep once you approach please exit as quickly as safely possible - race on!

Riders are not allowed to pit within 300 feet of the scoring area.

Chapter 8: Finish

The finish will be located at scoring. The white flag will signal the final lap. The flag will be displayed on a post at the scoring tent in plain sight. The final lap will be calculated with respect to when the leader will cross the finish at the allotted race time. Once the leader comes back through after the final lap the checkered flag will be waived and the race is over. Riders are required to exit the course and not continue for any additional lap. Track sweeps will be clearing the course for the next event. The race scoring will end 30 minutes after the leader comes through the finish. KXCR and its scoring staff reserves the right to keep scoring up longer as necessary based on track conditions and layout.

Chapter 9: Results & Protests

Race results will be posted 30-45 minutes after the last racer crosses the finish line. All spectator displayed scoring is unofficial. With the active RFID system adjustments are made real time. You may notice changes being made on the screen in real time. Once the results are posted no racer may remove the results from their posted location.

The protest period will be for **30 minutes after the results are posted**. If there are no protests this time may be reduced and awards given to winners. No rider protest will be accepted after

the protest period. Once the protest period is over results are official and awards will be given to the racers. The scoring personnel and race officials have the authorization to disqualify or impose racers with penalties as a result of a protest or at their own discretion as it relates to these rules.

The protest procedure is to inform a scoring personnel of the violation. No rider protest will be accepted after the 30 minute protest window following the end of the race. Rider classification protest must be sent to KXCR via email to info@k-xcr.com

Chapter 10: Series/Race Awards, Points & Banquet

At minimum, all top 3 in class and top 3 overall will receive a trophy or plaque. All awards will be presented after the protest period. In the event of any scoring issues the results will be posted within 48-72 hours and awards would be available at the next race. Our scoring system is top notch. You can count on consistent, accurate and timely scoring from Kentucky XC Racing.

The pro payout will vary from event to event. All information will be shared via email to our subscribed members to include social media. The Pro Class is the only class that receives a cash reward.

All points will be calculated by KXCR for the series and results for each round will be posted on the website. Points acquired by racers are only for that race class. Racers can move to a faster class but their points will not transfer. **Awards will be calculated from a total of 3 out of a 5 race schedule. KXCR can add or remove races at its discretion for any reason with or without cause. Typically, 30 days notice will be given for any additions or removals to the schedule or number of race qualification requirements.** Points will begin accumulating at the first race the rider enters. The winner will be determined by the racer with the most points for 3 events. In the event of a tie, the racer with the best last race finish will be the winner. For example, if points are tied going into Rd 5 the racer who finishes Rd 5 with the best finish position will be the winner unless another racer finishes the race at a higher position to accumulate the most points.

CLASS POINTS

1st = 21	2nd = 19	3rd = 18	4th = 17	5th = 16
6th = 15	7th = 14	8th = 13	9th = 12	10th = 11

11th = 10	12th = 9	13th = 8	14th = 7	15th = 6
16th = 6	17th = 4	18th = 3	19th = 2	20th = 1

SEASON OVERALL POINTS

1st = 300	2nd = 299	3rd = 298	4th = 297	5th = 296
6th = 295	7th = 294	8th = 293	9th = 292	10th = 291

Remaining positions from 11th on receive one less point per pace.

Chapter 11: Violations & Penalties

The race director, race official or their appointed may impose penalties upto series disqualification. Penalties of loss in points are the most common. Please read the rules in their entirety and make sure you understand them. Ask questions if you do not.

The following is a non-inclusive list of possible infractions.

- Cutting the course in any way outside of the allotted 30' within the arrows
- Any act of gaining an unfair advantage
- Failing to attend riders meeting
- Causing a race to be stopped
- Providing misleading or false information to race personnel including registration
- Engaging in any form of attack or physical assault
- Riding a machine not allotted for the class which the racer registered
- Riding in a uncontrollable manner that could endanger others
- Not listening to course and race officials instructions
- Exiting the course and entering in a further location along the track
- **Pit riding.**

Chapter 12: Medical Insurance

WARNING

WARNING: Motor vehicle mishaps, in competition or otherwise, can result in injury or death to racers and spectators, never turn your back to racers during a race event. Motor vehicles should never be used by minors

without parental consent and/or supervision. KXCR, d.b.a. Kentucky XC Racing, does not test the skill of individual participants in amateur or youth events, nor do they license amateur or youth competitors or judge rider competence. Participants (and Legal Guardians) are solely responsible for their own safety. Be aware that motor sports are inherently dangerous. Neither KXCR nor the promoter will test the skill of individual participants or inspect the condition of their motorcycles. Parents or legal guardians must remain present at all times and are solely responsible for the condition of their child's motorcycle and their competence to operate them. The promoter does not provide medical insurance coverage. If you have doubts about you or your child's personal abilities to participate in this event or if you believe your personal insurance coverage is not adequate to compensate you for any injury or loss that might occur, do not enter you or your child in this event.
