

KXCR | THE RETURN

ONE-DAY RACING & EVENT RULES | NOVEMBER 7, 2026

KXCR, LLC - Kentucky XC Racing

2843 Little Sturgeon Creek Rd, Old Landing, KY 41311

Condensed draft for organizer review. Adapted from the supplied KXCR Rules v4.2 (March 12, 2023) for this one-day dirt bike event. Schedule and classes follow the supplied event flyer. Fees, detailed bike/age eligibility, start procedures and award details remain subject to organizer confirmation. This handout is not a waiver.

Race-day schedule | Dirt bikes only

START	RACE / CLASSES	DURATION
7:00 AM	Registration & tech - all riders	
9:00 AM	Beginner / Amateur Beginner; Open C; Women; Vet 30+ B/C; Senior 50+ B/C; Adventure	75 min
11:00 AM	65cc / 85cc / Supermini 65cc; 85cc; Supermini; Youth Trail	45 min
12:00 PM*	50cc 50cc Beginner; 50cc Advanced	30 min
2:00 PM	Pro / Main Event Pro/AA; Open A; Open B; Vet A	120 min
4:30 PM	Final awards	Approximate

*Noon start proposed. Race transitions depend on course clearance. All times are local event time.

1 | Registration & eligibility

All racers and spectators must sign the event waiver upon entry. Racers under 18 must have the required minor release signed. Parents or legal guardians must remain present and are responsible for their child's motorcycle condition and ability to ride.

Complete registration **more than 30 minutes before your race starts**. Collect your assigned helmet numbers and approved scoring transponder. Place the rear number visibly on the helmet, side numbers on the cheek areas, and the transponder under the visor as directed by registration staff.

Enter a class appropriate to your age, ability and motorcycle. Age is determined as of January 1 of the race year. Beginner classes are for first-year racers. KXCR officials may correct classifications or advance riders whose ability exceeds their class. Follow the final event class list for engine and wheel-size limits; ask registration if unsure.

2 | Motorcycle & protective equipment

Required gear: **DOT- or ECE-approved full-face helmet, eye protection, long-sleeve shirt or jersey, long pants, and above-the-ankle racing boots**. Riders are responsible for proper fit and safe condition of all gear.

Motorcycles must have a working kill switch, a throttle that returns freely to idle, and a silencer. Maximum sound level is **99 dB**. Unsafe or noncompliant equipment may prevent a rider from starting or result in disqualification. Use only one motorcycle during a race; changing machines during the race results in disqualification.

Class age brackets | As of January 1, 2026

Youth: 65cc: 7-11; 85cc: 7-13; Supermini: 11-15. Youth Trail: age bracket to be confirmed by KXCR (not defined in the supplied 2023 rules).

50cc - proposed mapping for KXCR confirmation: Beginner: 4-8 (based on 2023 50 Jr); Advanced: 6-8 (based on 2023 50 Sr). The old rules do not directly define these two current class names.

Age-restricted adult classes: Vet 30+ B/C and Vet A: 30 and older; Senior 50+ B/C: 50 and older, following the current event class name (the 2023 book called 50+ Masters).

Beginner, Open C, Women, Adventure, Pro/AA, Open A and Open B: listed as open-age classes in the supplied rules; no numerical minimum is specified. KXCR must confirm minimum ages and youth eligibility for adult races before entry. Open age does not override motorcycle or ability requirements.

KXCR | THE RETURN

RACE-DAY PROCEDURES & RESPONSIBILITIES

3 | Course access & conduct

No gasoline-powered course pre-riding. Follow the event's announced inspection arrangements. Only currently racing riders, authorized officials and sweepers may be on the active course. Spectators must remain off the track. Only KXCR officials may change the course.

Follow the arrow color announced for your race. Stay within marked boundaries: no more than 30 feet to either side of course arrows, unless tape, barriers or opposing double arrows establish tighter limits. Never cross tape or ride outside opposing double arrows. A rider who tears down marking tape must repair it before continuing.

At a bottleneck, use only the shortest, quickest bypass needed to get around the obstruction and re-enter without damaging course markings. Resume the marked route on later laps when the bottleneck is gone. Course cutting or gaining an unfair advantage may result in penalties or disqualification.

4 | Pit area, passing & sportsmanship

No recreational pit riding. Riding outside your race is limited to transport to and from the start/finish: first gear, under 5 mph, wearing a helmet and protective gear. Do not pit within 300 feet of scoring.

Ride in control. Slower riders must allow faster riders to pass at the first safe opportunity; passing riders must complete the pass safely. No blocking, coordinated team tactics, threats, fighting, aggression or abusive conduct. Riders are responsible for the conduct of their crews, families and guests. Follow all official instructions.

5 | Riders meeting & race start

Attend the **mandatory riders meeting at the starting area 5-10 minutes before your race**. Arrive early, ready to ride, and line up in your assigned class row. The meeting will identify course arrows, hazards, race length, start procedure and any event changes.

Follow the starter's flags and instructions. Green signals the start for the designated row; red and yellow displayed together signal engines off. For dead-engine starts, shut engines off as directed before each row starts. Do not jump the start, leave with another row or throw roost while waiting. Incorrect row placement may cost up to one lap.

6 | Scoring & finish

Use only the scoring transponder approved and assigned by event registration. Slow before the scoring area; **no passing in the marked scoring zone**. Come to a complete stop, face forward, and state your number if needed. Confirm your transponder has read or your number has been recorded; then clear the area promptly and safely. Report only urgent emergencies to scoring during racing.

Race time is based on the leader's projected finish. The white flag signals the final lap. The checkered flag at scoring ends your race: exit the course and do not begin another lap. Scoring normally closes 30 minutes after the leader finishes, but officials may extend it for course conditions.

7 | Results, protests & penalties

Live scoring displays are unofficial. Results are generally posted 30-45 minutes after the last rider finishes. Do not remove posted results. Submit scoring or race-conduct protests to scoring staff or a race official **within 30 minutes after results are posted**. Results become official after that window and resolution of protests. Class eligibility concerns should be raised with officials promptly; written classification protests go to info@k-xcr.com.

Officials may impose time, lap or points penalties, disqualification, or removal from the event for violations. Examples include course cutting, unsafe riding, false registration information, wrong-class equipment, missing the riders meeting, pit riding, misconduct, or ignoring officials. Awards and any Pro payout will follow the confirmed event announcement.

8 | Safety, weather & medical insurance

Off-road racing can cause serious injury or death. KXCR does not provide medical insurance. Riders and guardians must assess their ability, equipment, course conditions and personal coverage before participating. Do not enter if ability or coverage is inadequate. KXCR does not certify rider competence. Spectators must stay alert and never turn their backs to active racers.

Weather or safety conditions may require delays, course changes or schedule changes. Monitor official KXCR announcements and attend the riders meeting. Report emergencies promptly to the nearest official.

9 | Rule clarification

Any rule, class requirement or situation not clearly stated in this handout must be brought to KXCR staff for clarification before registration or participation. Do not assume an unstated activity or class entry is permitted. Follow the clarification and instructions provided by KXCR officials.

One-day scope: Replaces the old weekend timetable with the supplied Return schedule and class list. Season points, banquet provisions and unrelated events are omitted. Confirm remaining event details before issuing final rules.
